Highway Report (Dale Root)-We have removed most of the snow and salt equipment. Our yearly training is done. Jeremy cleaned and changed out all lights in COURT room, and has started replacing the shop lights with L.E.D.

Soil and water came to check the rising water behind Monroe Muffler and Auto Zone. It ended up being personal from Monroe placing pallets in the ditch restricting the flow of water. Pallets were removed and everything seems better.

Shelby helped Town of Barre with tree removal.

Started mowing the parks and fire halls.

We paved Munzel Rd with help from Ridgeway, Clarendon, and Barre. Thank you to everyone. Helped the Village of Medina with their milling.

Remember, its springtime, please do not blow the grass trimmings onto the road.

Assessor's Report: (Julie Cecchini) (Absent)-Supervisor read her report. She is requesting that the Town of Shelby adopt a resolution to appoint William Kibble to the Board of Assessment Review. Legislator Bill Eick - WNY Energy has a problem. Their concern is with the speed limit on Rt 31A. Questions whether NYS can reduce the speed limit to 45mph from Medina

Village line to the upper part of the hill or Millville. Seems this is a problem for the Town of Shelby. The Town must approach the DOT to lower the speed limit.

Board Comments:

Councilman Zelazny - We need to set a meeting date for a water workshop. Water bill from the Village of Medina is now overdue. Due date was April 30th. The bill was too late for last months' vouchers.

- New Plow truck is at and Gainesville and will be coming here next month.

- Furness Parkway has always been mowed.

Councilwoman Limina - Sarah, what about the bank reconciliations?

Sarah-For SOP procedures – Eva is more efficient. 2024 audit has been submitted. Joe and Sarah coming to do actual audit.

Limina-Need workshop on the books for engineering firm for solar review. Scheduled for May 28,2025 at 6 pm. Limina had question about Royalton Water bill, National Grid bill, Shelby Crushed Stone bill. Said we need workshop before next meeting on cyber security. Kathy will follow up with Joe from CHPC.

Attorney-we can't use NY Class monies to pay bills

Councilman Seitz -Munzel Rd. looks good

Dale said Chip seal for Bigford RD, Harrison Rd., and Bates RD.

Councilman Schiffer – Encourage everyone to go see Lewiston Rd. in Oakfield. Road looks great.

Town Clerk Darlene – Clerk's office summer hours are: Monday - Thursday 8:30 - 4:00
Friday 8:30- Noon from May 23 2025 thru Sept 5, 2025.

Public Comments:

Mike Fuller – Highway employees travel many miles- the more miles the more risk there is of having an accident. He disagreed with the termination of Bill Wolter.

John Parada – Thanked Dale for stopping by on Monday. Can we get a report on 222 and 224 West Ave properties? Kathy talked to Soil and Water and their response was "that is the way the water drains."

Larry Waters – Concerned about the Water Bill, not surprised the bill was high even though they now have Royalton Water. Reminded everyone that the Burn Ban will be done May 14,2025. Why does the Town not pick up brush put to the curb? He would like to see the Board meetings change its starting time to 6:30 or so.

Jim Nashwenter - Retired State Trooper. He believes speed enforcement should be giving out tickets to those along Rt31A. When people see tickets being issued it will slow them down.

John Pratt – Received an email from Town Clerk to turn in records and property because he is no longer a member of the board. What is this about? Town Clerk said Supervisor asked her to email John as she is the records Access Officer. Darlene said she never had to do that for past members.

Motion to adjourn the Town Board meeting by Limina and seconded by Zelazny at 7:25 pm.

Respectfully submitted,

Pamela Henry
Deputy Clerk
